Dear Sir:

AMENDMENT

In response to the Office Action dated May 17, 2005, please consider the following remarks on the above-identified patent application as follows.

Introductory Comments:

In the Office Action, the Examiner objected to the drawings. The Examiner objected to the specification for not having an abstract of the disclosure and for some informalities. The Examiner rejected claims 1 and 2 under 35 U.S.C. section 102(e) as being anticipated by U.S. Patent No. 6,233,231 to Felix et al. ("Felix"). The Examiner rejected claims 3-5 under 35 U.S.C. section 103(a) as being unpatentable over Felix.
